

# GADGETS & GIZMO'S

BY MARC FORREST | WWW.MARCFORREST.COM

## 1 SWANN DVR8-1500 8 CHANNEL COMPACT DIGITAL RECORDER & CAMERAS – PRICE TBC

The festive season always brings some rather unpleasant characters to urban areas and, while many people go away and leave their houses unoccupied, the Swann DVR Security systems take care of that.

Swann is a leader in the field of home DVR Camera recording and has recently launched a number of new products aimed at the home market at an affordable price. With a pre-installed 500GB hard-drive, you can capture up to 15 days' footage.

Swann kits can be purchased at participating Makro stores and come bundled with an installation voucher, making installation a breeze.

## 2 OLLOCLIP 4-IN-1 IPHONE LENS – R899

With the recent success of the third Annual iPhoneographySA Exhibition held in Jo'burg and Cape Town, there is no doubt that the popularity of iPhoneography, the art of taking and editing photos on your iPhone, is on the rise.

The Olloclip is a must-have accessory for anyone who has an iPhone and the newly-released 4-in-1 lens offers an improved fisheye lens, a wide angle lens and now 2 high-clarity (10x & 15x) Macro lenses.

If you are looking for a cool little stocking filler for any iPhone fan, the Olloclip is a must.

## 3 SMAAK SCREEN PROTECTOR RANGE – FROM R49

These days, it is almost mandatory to see to it that your smartphone or tablet has a screen protector to ensure that your gadget reaches its guaranteed maximum lifespan.

A bunch of local guys have tapped into this and started producing their own range of screen protectors with a uniquely South African name, Smaak.

The awesome thing about the Smaak range of screen protectors is that for every screen protector sold, R5 will be donated to the "Stop Rhino Poaching" fund. The Smaak team have already raised R100,000 towards this fantastic initiative.

The Smaak range of screen protectors is available for most Samsung, iPhone, Sony, HTC, BlackBerry and Nokia devices.

## UBER – EVERYONE'S PRIVATE DRIVER – WWW.UBER.COM

Uber recently launched in South Africa after much anticipation and has just inaugurated its service in Durban. Uber isn't a taxi service – Uber is your own personal driver, at very affordable rates.

Download the Uber app from the Apple App Store or Google Play Store and simply request your driver to pick you up. You will get a notification of how long it will take before your driver gets there and an SMS to notify you when he is arriving.

You are picked up in a luxury vehicle with a smartly-dressed driver, who will be at your beck and call.

Once your ride is over, your fare is deducted from your billing card and your receipt is sent

to you immediately via email. No mess. No fuss!

There is a great promo offer for all new Uber users. Enter the promo code – iguy – when signing up and you will get R150 off your first two trips!

I can highly recommend this service to everyone over this silly season!
